Do Vixen Paladins Need Timetravel?

It doesn't apear to be so... Kara Kyogen has been both a sexy vixen and a Paladin in her time in this world. You may be wondering exactly what that means- so Kara is here to explain that to us... and show what she keeps underneath her armor!

Lesson of the day:

Paladins attempt to right wrongs where-ever they see them and Kara is no exception ^^

AG: So welcome to the future I guess! A lovey vixen paladin indeed. To start off, tell us a bit about what it means to be a paladin.

Kara(K): Well... um... being a paladin isn't just worshipping a god or anything like that. Or even fighting evil at every turn. Its about bringing peace and understanding to others.

AG: Cool, we like peace here. So as a paladin... can you get away with any naughtyness? We also like naughyness here ^^

K: Oh yeah! Tons. I don't follow anyone elses code. I live how I want. If I see somone I wanna fuck with, I do it. ^.~

Close-up

AG: Oh my! Fuck with as in tossing the armor aside and getting down and dirty right? We LOVE that!

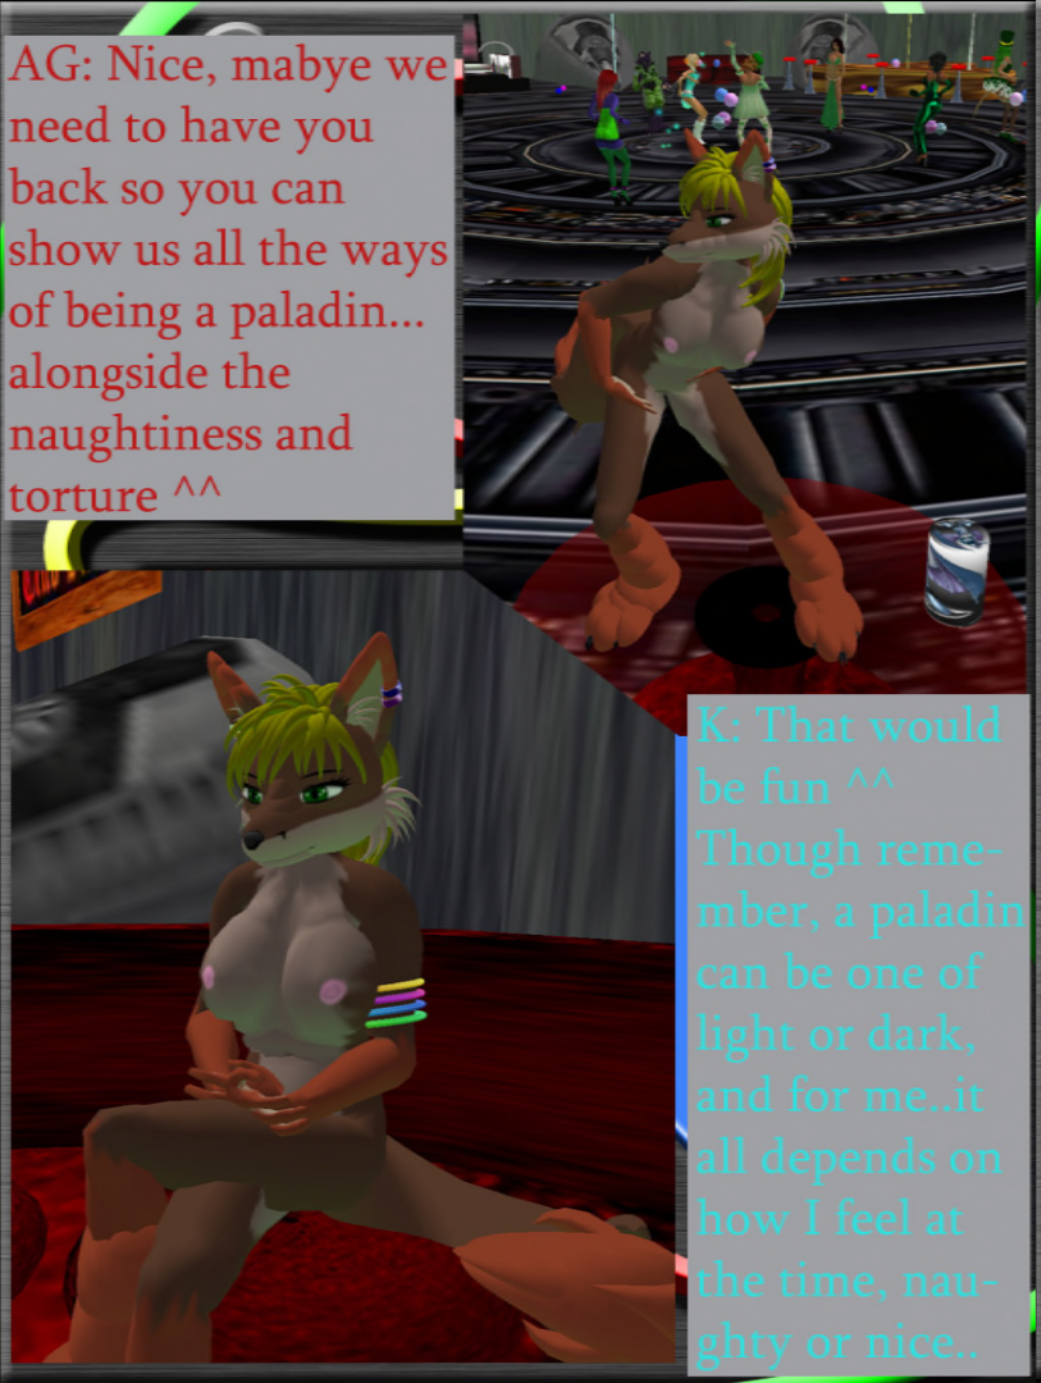
K: Yup, on the ground, moaning and gasping with another is one of my favorite things to do.

K: To be truthful, I was bored, and I wanted to build stuff that would actually be used, and possibly use some of the sets before the actual actors for them ^.~

AG: Horray! So you enjoy building as well, what made you become interested in joining AG as an engineer?

AG: Hmm, a very helpful vixen paladin. I suppose paladins are timeless, not just a medivial thing? Though some of that good ol'fashioned medieval torture is now considered quite kinky!

K: Yup, anyone can be one anyone with the proper disposition. As for some of the medieval torture, which many like to call BDSM now is very, very kinky. And fun I might add.



AG: Nice, mabye we need to have you back so you can show us all the ways of being a paladin... alongside the naughtiness and torture ^^
K: That would be fun ^^ Though reme-mber, a paladin can be one of light or dark, and for me..it all depends on how I feel at the time, nau-ghty or nice..

AG: Lets hope for rain! Or mabye we'll have to find someone even naughtier than you for a little inspiration on the set! Thanks for teaching us about the ways of the paladin Kara!
K: Yup! Anytime ^^

Samurai's Farewell

A great battle looms in future... not all will return. The night before the warriors set out is carefully spent. Some choose to meditate, others commune with one another... and others choose to spend some special time with their loved ones.

Starring:

Seraline Massiel: Samurai's Wife

Iniori Ringo: Samurai Warrior

High above the compound crouched a small ninja... lightly panting as her eyes scoured the ground below. Her mission was to gather intelligence for the rival warlord... but so far she had found nothing. Returning unsucessful would be very bad... she had to get...

closer. Meanwhile a feline rested peacefully in the house below, unaware that her husband had returned from his meeting.

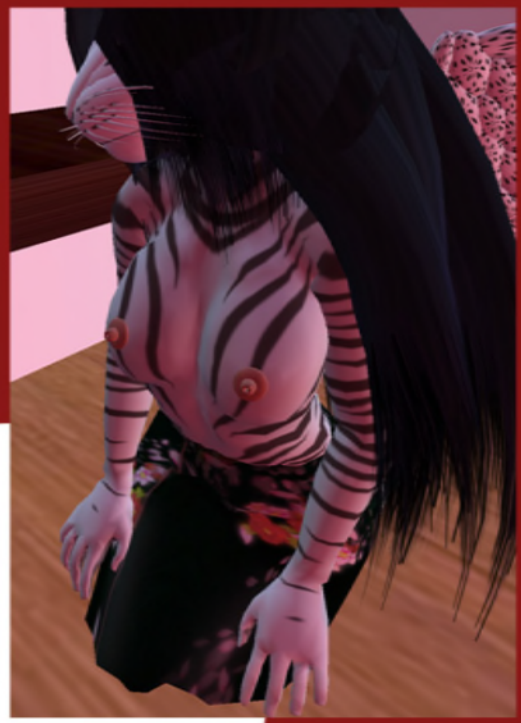
His eyes ran over his wife's slender frame.. and his mind became full of lustful thoughts. As he drew closer she shifted and let out a small moan before..

opening one eye. A smile came across her face as she watched her husband approach. She rose from her bed and knelt before him, purring profusley. He admired his beautyful and obedient wife... they both knew why he had come to her at this hour. With a great smile she began to slowly disrobe before him much to his approval. He groweled softly as her breasts fell free...

and hit the night air. The pink nipples began to harden from the coolness while her paws continued to remove her clothing. With her shoulders held high she proudly displayed her body before her love. Their growls and purrs broke the night's silence and their combined energies communed between them. The samurai warrior removed his garment and laid aside... his strong and well toned muscles beneath his white fur gave contrast against the dark night. His wife happily...

knelt before him now fully nude and awaiting his advances. High above them the ninja watched their play with new energy she felt herself warming up in her tight clothing with each passing second. She slowly and gracefully climbs down the wall and nestles down behind a tree... her little nosie wiggles with each sniff.

A quiet fell over the pair... all that could be heard was her soft purring. The male samurai dropped his loose clothing... exposing his firm body. His felinehood peek...



ed out from his hood causing the female's eyes to glance at it for a split second before bowing her head once more. He for the first time broke a smile as he took a deep breath. Before he could come any closer the female...

arched her back... exposing her long and pronounced lips to him. She continued to arch until her paws were wide apart and she was sure that he could inspect her sex. Now fully nude, the male watched her show her submission to him with great pleasure. The sex of the female was obviously engorged as she anticipated his touch. A drip of her fluids dropped onto the mat below causing her to shiver as it tickled her labia. The male hummed in approval and made his move... his now erect cock stood well away from his body and he knelt between her as she held herself motionless. His hand hovered over her thy... a soft...

rustling caught his attention but he soon went back to his wife below. She let out a long sigh as his paws rubbed her thys longingly. Gracefully she rose and he pulled her up against his body and began to hug her. She let out a high pitched squeal of sheer joy from the affection of her beloved husband. Their fur rubbed together, his course, short texture against her velvety soft fur. In an attempt to please him further she lowered herself to all fours... and presented her now wet sex to him. His member throbbed at the sight and scent of his wife and he rubbed her back and approached. Rubbing himself...

against her folds, he inches his knees closer until he slowly enters her. She begins to let out small squeals as his long member enters her tight entrance. Since her wedding night she had only been with him one other time... and she had not become with child. He grunted as he began to mate her... as soon as the majority of him was inside her silky tunnel he began to pump fast and furiously. Crying out the girl braced herself.. her smile dropped into an open maw as she whined at...

his thrusts. He pants hard as he energetically pounds her rump, causing her to use her claws on the mat below. Juice from her body began to slide down her thy as he contined to mate with her just as a small tear ran down her cheek. It felt very good to be mounted by her love, but her almost virgin vulva ached from his fast thrusts. She continued to cry out during her mating... little did she know the ninja was approaching from the garden. As he savored her tightness the samurai fought the urge...

to release his seed into her clenched tunnel. Her tail was hiked high against her head like a good submissive and she gently milked him despite his fast strokes. The thrusts became...

increacingly erratic before he leaned forward and rubbed his paws against her back. She coos and cries out as he massages her warm skin... rolling her pink body between his pads. Under the added weight she collapses and falls forward onto the mat. He pulls out and catches his breath, paws on his thy. The obedient female lays on her side and lifts her leg to the side to expose her open sex to him...

until he is ready to re-enter her. With gleaming eyes she looks back over her shoulder at her mate... she moans as his feline member slides into her folds once more. This time he slowly presses his length into her carefully until he has hilted her. She moans steadily now... lifting her legs up to give better access. The strong samurai paw grasps hers as their bodies become one. Though he is steadily thrusting into her, his wife now moans as her purring becomes increasingly loud. She places one of her paws on her nose to suppress her panting but she cries out and.

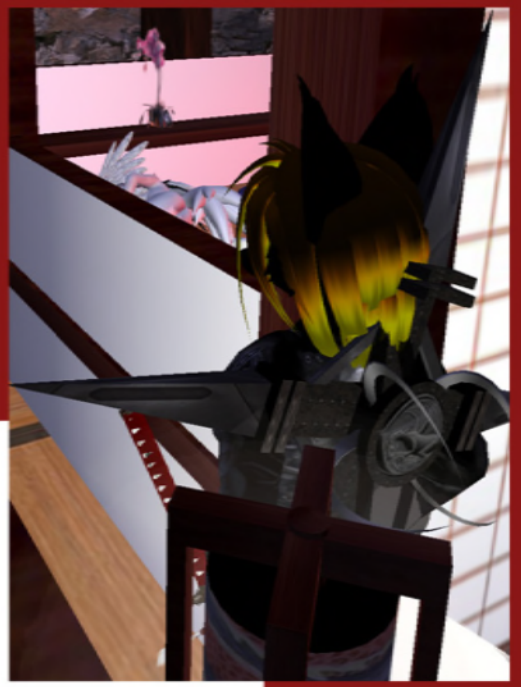
from his wive's tight vagina, his seed already leaking from her. She moaned and sat up, kneeling before him as he gets dressed. Her paws stay on her knees though she longs to rub her stomach... hoping that he has...



given her a child. A weak smile runs across her face as he dresses, oblivious to the ninja thats been watching the couple mate. After he dresses, he turns and looks at her... she smiles to him warmly and he walks out.

the POW... who hobbles behind and holds onto her tail, she pulls him closer to her. It appears as if she has done this before... now her vulva is winking at the male as he

aims his genitals at her. She has failed to keep him at bay and is now unarmed.

The feline has submitted herself to him. Now switching to audio with description... Please stand by. Re-routing...

I’d punch you for that... but in the mean time... fuck momma’s brains out!” As she cries out from the male’s humps he lays down on top of her. “No-no need for that babe-

I could-ghfuck- pull you off me in a sec if I wanted t-" she moaned as her muzz-le was forced into the dirty. "Grahh! oh ahh tahnaa shee da fuck!" he blathered into her ear. The foreign male leans down and licks at her ear, spilling saliva all over her hair. "Mrrrahh.. I love it wild *bounces back* come on! Show

meeeah!" "Meha?" he asks and then pulls out, he stan-ds above her and pants. "Ugh...come on! Fuck!" "Fck!" he repeats and dives back in, just

as before and sloppily humps the fit feline below. She gro-wels and moans as her new toy slips his long meat into her depths. "Ohh big boy aren't we? Ohhh Its been so long I can-grh- tell" she says as her paw snakes between her legs and pats his testicles.

The male growls and pants as he gives a few long argeous thrusts, his tounge hanging out and drooling thick saliva onto her back. He seems to take this as a sign and rears up, causing his cock to pop out of her pussy and slap her clit. “Grah comeon babe don’t stop... I know you’re not done yet..ohooo” she moans while suspended in mid air. The male happily pants and lifts her up and plops her on his lap then begins to poke her...

tailhole with his pointed meat. “OH ow! Honey try again!” she squeals, he grunts and slides into her vulva...

ning as she tastes her own juices. “mm nothing like home made..” she says before going back down on him. She sucks on him hard and its not long until he is whining and babbling softly... then he erupts. Almost gagging, she

tries to swallow his torrent of semen but is overwhelmed and his member flies from her lips... spattering her muzzle. Both lay panting until she coos, “MM... maybe in a few minutes I can tie you up...” He nods and licks her happily.

Feral Suburban Breeding

Starring:

Trevor Logan - Lonley Homeowner

Catrina Trollop - Feral Cat

A wild kitty had wandered down from the hills and into the suburbs! What could she possibly be in search of? Or perhaps there is a more primal reason for her exploration...

After many months of profiling this feline, I have begun to chart her breeding habits. Here are the most current pictures I have taken of her. Left pic is today's findings, right is from my catalog. It appears that she is most defiantly in heat... she has frequently urinated upon nearby fauna and is exhibiting increasingly aggressive behavior. It cannot be ruled out though that she may already be pregnant, but this is highly unlikely...

has... made her way to a house that appears... yes to be inhabited. Perhaps she is stalking...

for a female of her assumed age. This is most likely her first or second heat...with no resulting litters. Scent marking to attract a mate is the primary assumption. She... oh my!

a suitable male! And quite a well endowed one at that! Looks as if he is masturbating to some sort of magazine. The feline is pawing at the ground and purring profusely as she watches him work on himself. Her scent... must be amazing- but no she- she is just a subject of...

a potential male...it appears that she is... yes she is looking into the window... her tail is raised now. She is vocalizing now, and now sniffing the glass profusely. I have not seen such feral behavior in a feline in ages. Oh I see now... there is a male inside and- Oh! he's... working on himself I see. The feline appears fixated upon the male's... erhum... erection and her head is following his actions. He has not sighted her... I believe she has found

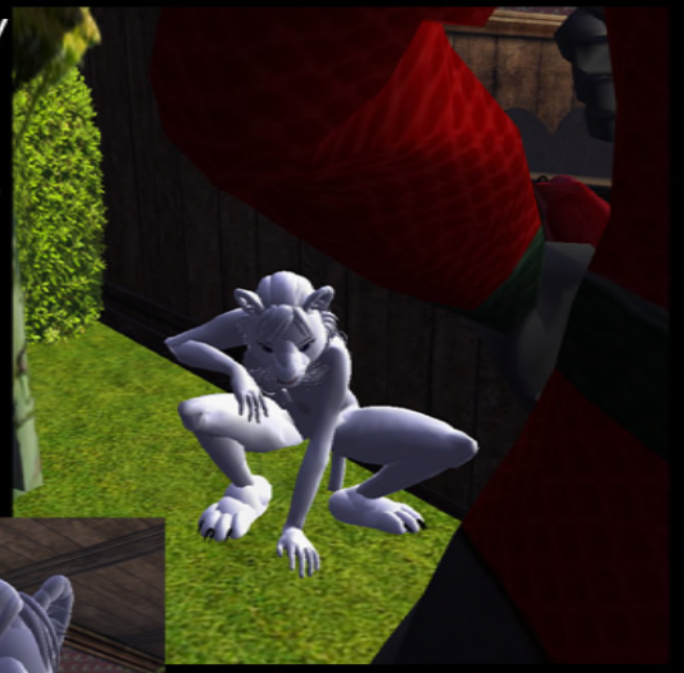
my research on female feline sexual pratices. Anyway- Her body is tense, her tail up high... the male she is watching appears to be enjoying himself immensely. Now she's licking her lips and- oh no! He's seen her! He has yet to finish with himself... yes he is approaching her.

OH...oh..my he mi- take advantage of her state... well I musn't interfere with nature I sup- ose- I never have before! Really! Never once touched her! Uh- He

has spotted her.. and now appears to be doing a ritual of some sorts... waging his member at the glass as the feline eagerly watches his red shaft. She is now licking the glass... interesting an unusual sign of early submission? Rare in this female. His penis is...

quite ready I hope she is kind to him... he's walking out side- well wobbling out side he's quite the male specimen. He's approached her and she is now crouching and no- she's in a defensive stance. The male is rubbing himself before her, tail is still up though. A strange mixture of messages. She appears to be growling and bearing her teeth at him- he's talking to her... and...

yes she is now standing and growling at him. She does not look happy but she is now presenting to him despite.



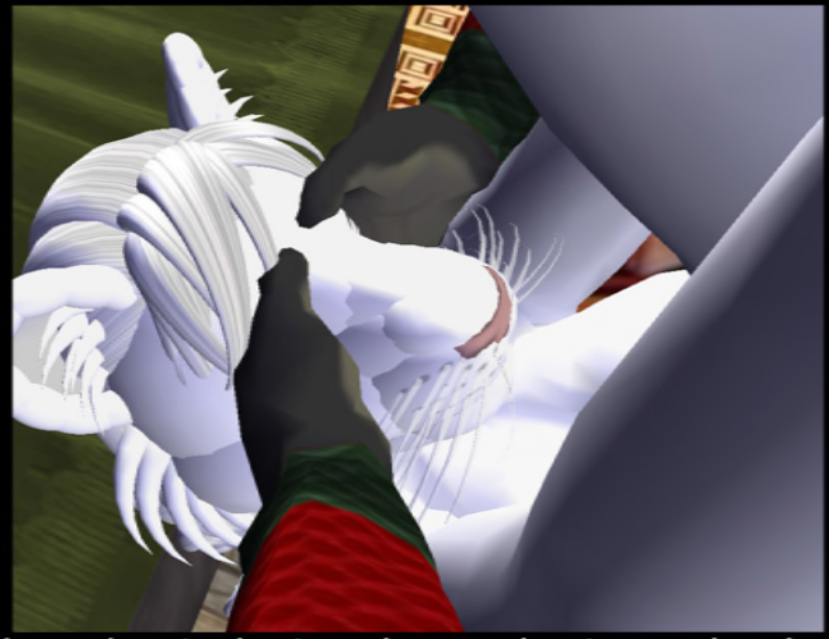
The feline's nipples are erect.. easily visible from here and I would assume she is ready for him. He does not appear to fear her at all... in fact he is now- Oh! He's taken her by the shoulders! She's fighting him- he's pulling her-

towards the house! The female feline does not appear to be as willing as she once was... his hands are exploring her hind quarters lewdly... and her breasts are flush against him- oh his member is within her reach... her paw is reaching into his jacket- she's testing the material with great curiosity. Oh! He's tugging at her and pulling once more- she's hissing and growling--- she's jumped down and gabbed onto the bush, her tail is high up...

it is ovious that she is highly aroused. Her vulvais bright red,yes inner labia well engorged. She is in...

Homeowner's View

need of mating- nearly in pain most likely she may feel a burning in her loins that she feels may be cured by the musky...



male- she is being brought into the house. clawing a bit- She may be impressed by the male's dominant actions. Yes- her tail is aside as he leads her to the bed, he has pushed her down and is holding her muzzle to keep her from biting her. I doubt she can overpower him, even in her state- oh yes! He has penetrated her already and is pumping into her vulva..I ..bet its very warm, probably feels hot to him..she is purring and growling intermittanly as he pants and pounds into her.

Now.. yes she appears to be submitting to him, her tail is far from her body... oh he has sensed her new mood and has pulled out of her. Yes, she is purring and presenting to him, quite exciting! That luc- ahem! I- He has already re-mounted her and is now mating. He is quite the male it seems... she is...

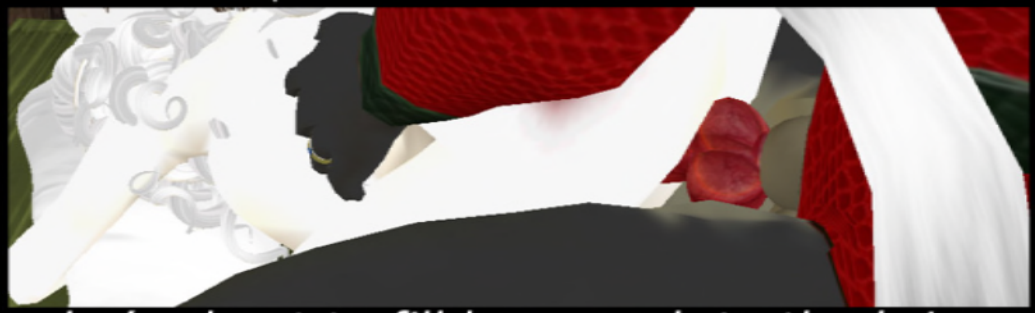
She is pawing at his muzzle, but does not appear too alarmed by his actions... she now appears relatively calm... only a few growls- her vulva is quite sensitive right now he is most likely uh- being rough.

normally quite an agressive girl... I have never been able to get within 20ft of her.. this male has already...bred her... I...

can't believe it! She is mrowing at him re-presenting.. and he remounts... impressive. The feline appears to be in ecstasy from his mating. From here..hmm she is bouncing back against him hard... vocalizing... in my opinion she is in ecstasy! She is clawing at the bed as he roughly pumps his loins...Oh! I- didn't think of it...he- he may impregnate her. Oh I doubt the...

male is con-
cidering that
possiblity...
and the feline
is counting
on it. To him
she's just
another lay!
But- but this
female is
much more...

she could be so loving... oh so loving to
him if he only knew. And HE's the one...



who's about to fill her womb to the brim..
Oh he's knotting.. I see he is panting
profusely... the feline is full of life as he
lays it into her.
This is the
classic breed-
ing position.
He will surely
fill her womb
this way, I'm
sure she is
nearly dripping
with vaginal
secretions.
Pumping away
now in a quite
reckless man-
ner. She has..
her muzzle...

-to inseminate her! Wait! I see something- he's orgasmed within her... he's dripping...

a waterfall! A very potent male indeed... the feline appears to be quite pleased and calm now, as he dismounts she begins to clean her fur. She is eating his semen happily...

semen out of her vulva. Oh she is vocalizing and arching her back as she recieves his material. Yes I can see clearly that he has bred her, his fluids are running down her like...

as she cleans. The male appears to have lost interest for the most part and is admiring his penis, covered in her juices. The feline completes grooming and then walks out of the home- she doesn't look back and walks from the house.. she hisses as some semen falls from her and continues to walk with a slight swagger. She exits- sniffs her marking spot and...

hops over the fence. Yes she has definitely been bred! Wonderful news indeed... she will surely be with litter after this encounter with a male wolf!

This particular assignment would test the resolve of the vixen. In her short life as a paladin she had not pursued sexual indevors... but even a paladin has urges...

A Sorcerer's Magic

The paladin have always protected the people of the great kingdom. Their quest in life is one of sacrafice and duty, to which there are no bounds. This is a tale of a female paladin that indeed knew no boundaries in her service.

Starring(shown clockwise):

Kara Kyogen - Vixen Paladin

Kizzneth Dieterle - Evil Sorcerer

Extras:

Talon Schnyder - Peasant

The sound of the vixen's paws made a crunching noise against the forest floor as she hastily walked into the rural village. She had sensed trouble here and every fiber of her young body told her to investigate... it was her place to right wrongs and she knew there was someone in need. As she entered the town square she spotted a dark figure and she let out a small instinctive growl. She approached him and he cackled, "Well well! You came here sooner than I had anticipated... Look at you... a pretty one are we? How do they

The once well armored body of the paladin was now a warm, gooey mess. She squirmed as he showered her, helpless to stop the suprisinly plenty-ful batch of semen that was soon covering her.

"Well I got what I came here for...your peasant is free...until we meet again." He said and blew her a kiss as he collected his clothing and left her there, quivering and moaning. The peasant poked his head in the door, knocking he cautiously asked, "E-ello? Oh my what happened to you?" the vixen just groaned as she lay, thoroughly embarrassed.

manage to find such pretty girls to come hunt me hmmm?" The vixen stared with a frown, "Let him go... or I'll make you!" she said in a calm and collected manner. "Tsk tsk... so demanding... a girl like you should-dn't be giving orders to a sorcerer! He's in a stasis field... and I won't release him until you do...

something for me." He said in a snide tone. Her eyes shot down at the ground... there was nothing she could do, if he could cast this spell she could stand no chance against him. She was new to the order and this was one of her first calls, "what

is it you ask of me?" she replied remembering back to her apprenticeship. He did not respond, only his eyes ran up and down her body, eyeing her breasts concealed behind her metal breastplate and her crotch which was guarded by her plate mail. A cold shiver went though her as she sensed his intent. With no fear of her whatsoever her walked up to with a smirk, "Well now... there is something I want... and seeing your position...you have to agree." He said as he tried to contain his glee.

Her eyes had not left the ground and she sighed at his words. As her mind raced her unbuckled his belt and let his pants...

fall.. "Like what you see?" he chuckled as he proceeded to show off his semi erect canine cock to her. She tried to look away but he had aimed himself right into her view. "Do as you will..." she finally replied and turned to face the building. The sorcerer chuckled as he jacked his shaft and walked up behind her. He hiked up her tail and rubbed her rump fever-ishly, enjoying his prize. The vixen's...

sex was hidden only by chain mail which allowed for great airflow during hot summer months. She let it fall to the ground and he laughed happily... before she knew it her was rubbing his cock against her pussy lips. "Ugh... make it quick will you!" she shot back at him as his hard canine meat slid into her canal. She had not had a cock in her since she had left her old village...

she was thoroughly disgusted by this male but his cock felt good in her. "Errh... you're sick!" she yipped at him as he groaned and panted... his tongue hung out of the side of his mouth as he humped her like an animal. "Ohh so good...yeahhsss! Like...

a virgin!" he panted as he drooled onto her armor. "You better not cum in me... I'm warning you..." she replied. His magic might have allowed him to hold the captive but he would stand no match against her sword. "Mhr.. I'm just getting started" he sneered as he pounds her rump roughly. She bites her lip as the dry cock slams into her canal, the roughness of his strokes pinch her lips but he was so different that her first lover... so gentle and caring... his animalistic fucking made her dewy. "Getting wet for me?" "No! I ought to pee all over you..."

"Kinky.." he replied. He humped her for a long time, until the grass below her paws became compacted, "My legs are getting tired..." "I'm not done yet!" he snapped. She shoved him off of her and he fell back, bearing his teeth as his slick cock aimed up in the air. The vixen gingerly...

tiptoed into the house and lay down on the table. Her pussy ached from his assault and she groaned as she hiked her own l egs up. Strangely the rough animalistic nature

of the breeding was turning her on.. she felt her clit pounding as he panted and drooled onto her armor. The sorcerer growled and with a frown he walked in and reinserted. Just as before he panted and drooled all over her delicate body as she looked away and made noises of discomfort. "Ow! Watch it with that thing-" Big huh?" No you're hitting my cervix don't go so deep!" He chuckled and replied, "Big..." she groaned and looked away as he pulled her legs up and continued to plow her in a most...

undignified manner. Finally he rolled her over as he panted in exhaustion. The vixen before him tried not to moan out loud at the brutal humping, her labia ached at the rough male and she did not want him to mistake her sounds for pleasure. He growled and slowed his assault..

"Don't you dare..." she nearly...

snarled at him.. "I'll cum..where ever I.. want.." he panted.. he tensed up and pushed in and the vixen pulled back against the table causing his cock to bounce up and fly into the air. Cum from the sorcerer splashed against the vixen's stomach and against he breasts.. she squealed as a long rope hits her muzzle. He grunted and...

groaned as he finished all over her front side. "Oh... guh..." "I know you like it... you got so wet for me" "You're disgusting!" "You're covered in cum!" he shot back. The vixen lay on her back as she though about what just happened, her quivering hind paws down against the table. He finished cumming and shot his last string of his musky mess onto her...

pussy. "Hey!" she yipped but the hot, sticky semen on her clit pushed her already aroused body over the edge and she lay there shivering and yipping as she came. The vixen blushed in extreme embarrassment at her pleasure as he laughed at her, "Ern..not..hr..funny..." she squealed as he rubs her pussy with is cock and paws, only intensifying her...

orgasm.. she moaned and cried out as he tortured her. She orgasmed over and over as she thought about how slutty she was, laying on her back after being mounted and covered in cum by a scoundrel.
